# DPDP Compliance

DPDP Compliance Assessment is a structured evaluation that verifies whether an organisation's personal data processing practices align with the requirements of the Digital Personal Data Protection (DPDP) Act, 2023. This assessment helps organisations build trust, reduce legal exposure, enhance accountability, and strengthen their overall data protection posture.

We offer end-to-end DPDP Compliance support, including data discovery, data flow mapping and classification, policy and governance reviews, risk-based gap analysis, consent and Data Principal Rights management, DPIA, breach and incident response, implementation roadmap creation, and complete audit readiness.

## Did you know?

Under India's Digital Personal Data Protection (DPDP) Act 2023, businesses can face penalties of up to

₹250 Cr Fine

## DPDP Compliance Includes:

- GAP Assessment
- Documentation Support
- Audit
- Reporting & Certification

We aim to deliver measurable value and strengthen your competitive advantage through robust privacy and security practices.

## Key Outcomes:

- Strengthened data protection framework
- Improved regulatory compliance
- Better risk visibility and control
- Enhanced organisational security posture

## KEY HIGHLIGHTS OF THE DPDP ACT

### Consent-Based Processing

Consent required from individuals

### Rights of Data Principals
